

## TLC Day Care Medication Policy

Medications may be administered under the following conditions:

- **Consent:** written parental and doctor's consent is required to administer ANY medication for each circumstance.
- **Prescription Medication:** all prescription medications must be in its original container and properly labeled with your child's full name, date prescription was filled or expiration date, and legible instructions for administration such as prescription label.
- **Over the counter medications** such as antihistamines, pain relievers, and decongestants also need to be in original containers and doctors consent must be provided to keep on file.
- **Over the counter ointments** such as diaper cream, insect spray, and sunscreen must be labeled and we need a completed *Non-Medication Consent* form (available in the *Forms* section at [www.tlcmerrick.com](http://www.tlcmerrick.com)).

UNUSED MEDICATION will be returned to the parent.

**Allergies: any child with a food allergy MUST have a plan in place approved by your doctor, parent, and staff.**
